The background of the entire page is a complex, abstract line drawing in white on a black field. It features a variety of organic and geometric shapes, including spirals, circles, triangles, and elongated forms that resemble faces or masks. Some elements are interconnected, while others stand alone, creating a dense, layered visual texture. A prominent figure in the lower right has a large, oval head with a simple face and a long, flowing, ribbon-like body. Other figures are more fragmented, with some having multiple eyes or faces. The overall style is reminiscent of mid-20th-century abstract art or perhaps a form of folk art.

Alireza Khatibi
Painting

Born in May 19, 1976 in Tehran, I was encouraged by my art-loving father at the age of seven to study painting (pen and ink drawing, watercolor, gouache, and oil painting), caricature and calligraphy.

A creative architecture, my uncle exposed me to the worlds of painters like Pablo Picasso (his geometrical inventions) Vincent van Gogh (his brush and color techniques) and Salvador Dali

After discovering the works of Anselm Kiefer and Gerhard Richter, I first became fascinated by abstract art and the immense freedom it gives to the artist, which is in perfect harmony with my goals in this practice: keeping alive the hope of life, advancing towards evolution, patience, and expressing these ideas to my audience.

Nature (the underwater world in particular), music and books are most inspiring to me and for my artworks.

علیرضا خطیبی

متولد ۲۹ اردیبهشت ۱۳۵۵ تهران. از هفت سالگی با تشویق پدر که دوستدار هنر هستند با نقاشی (سیاه قلم، آبرنگ، گواش، رنگ روغن) و همینطور کاریکاتور و خط آشنا شدم.

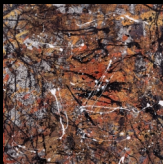

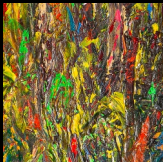

بواسطه عمویم که معماری خلاق بودند، آثار نقاشانی چون پیکاسو (اشکال هندسی) ونگوگ (تکنیک رنگ آمیزی) و سالوادور دالی را مطالعه نمودم. پس از آشنایی با آثار هنرمندانی همچون آنزلم کیفر و گرهارد ریشتر به سبک انتزاعی علاقمند شدم و از آنجاییکه در این سبک هیچ محدودیتی برای هنرمند در روند خلق وجود ندارد، این سبک را با هدف حفظ امید در زندگی، حرکت در جهت تکامل، صبر و بیان این احساسات به مخاطبینم انتخاب نمودم.

طبیعت خصوصا دنیای زیر آب، موزیک و کتاب الهام بخش من در خلق این آثار هستند.
